

JEAN K. WEIL LIBRARY

Dear Parents,

The very best thing you can do to prepare your child for a successful educational experience is to read together daily. Study after study confirms this truth, and parent after parent can attest to it. Not only is it educational, but it is guaranteed to become an enjoyable and memorable sharing time for you and your child.

We know that you desire the best education for your child because you've expressed an early interest in getting to know The Montgomery Academy. To encourage and help you find great books and to let you see our school in action, we created a special corner in our Lower School library for parents and preschoolers. You are welcome to come any school day between 8:15 a.m. and 3:00 p.m. On your first visit, we will ask you to fill out a form so that we can enter your child into the library computer. That's all you need to do to begin checking out books from Montgomery's finest collection for children.

Please take advantage of this opportunity! The Preschool Collection is in front of the Jean K. Weil Library, right inside the main entrance to the Lower School – you can't miss it. We also offer several highly recommended books on parenting subjects. When you and your child are ready, you may also choose books from the other 20,000 treasures in the larger library collection. We look forward to meeting you!

Sincerely,

Martha Bridges
Lower School Librarian
